Mr. Gerardo Rios  
Chief – Permits Office  
U. S. EPA, Region IX  
75 Hawthorne Street, Air 3  
San Francisco, CA 94105

Dear Mr. Rios:

M.C. Gill Corp. (ID 013011) has proposed to revise their Title V permit by replacing two afterburners with two regenerative thermal oxidizers, modifying a regenerative thermal oxidizer, two coating lines, two dip lines and an oven, changing permit conditions on two spray booths and adding a boiler. This is a composite laminate manufacturing facility (SIC 3728) located at 4076 Easy Street, El Monte, CA 91731. This proposed permit revision as requested under Application Number 423281 is considered as a “deminimis significant permit revision” to their Title V permit. Attached for your review are the permit evaluations and draft permit (Section D) for the proposed permit revision. With your receipt of the proposed Title V permit revision today, we will note that the EPA 45-day review period will begin on December 24<sup>th</sup>.

If you have any questions or need additional information regarding the proposed permit revision, please call Stacey Ebner at (909) 396-2504.

Very truly yours,

A handwritten signature in black ink, which appears to read "Fred Lettice".

Fred Lettice  
Senior Manager  
Coating, Printing, Aerospace and  
Metal Finishing Operations
